Health & Safety Policy

UNIPART
GROUP

The Unipart Group of Companies is committed to providing a Safe and Healthy environment for all its employees and those who are affected, directly or indirectly, by its actions and omissions, for now and the future.

The health and safety of our stake holders is fundamental to our philosophy of working. This produces:

Vision – that all occupational illness and injury is preventable.

Strategic Intent – that the Group will not make, handle, use, sell, transport or dispose of any goods or materials without effective management of the risks involved.

Operating Policies – that statutory requirements are a minimum, and that the highest reasonably practicable standards should be achieved. Health and Safety operating policies are continuously assessed and improved based on knowledge and experience.

Workplace Organisation and Management – that all levels of management from directors to team leaders are responsible for ensuring that the Group's and Local Health & Safety policy is applied to all work for which they have responsibility.

Personal Responsibility – that all employees must take reasonable care of their own health and safety and that of others who may be affected by their acts or omissions by applying Health and Safety Policy and procedures.

JOHN M NEILL CBE

GROUP CHIEF EXECUTIVE
